

3525078 BLUESTAR ZEEKER

DESCRIPTION

A modern lightweight spectacle with built in side shields. With indirect ventilation through the holes in the wide temples. The spectacle fits over a lot of glasses, which makes it a very good visitors-spectacle. The spectacle has also an anti-fog coating.

FEATURES

- Anti-fog coating
- Indirect ventilation
- Fits over a lot of glasses
- Very comfortable and flexible

SUITABLE FOR

- Protection in a dusty workenvironment
- Protection against impact
- Common maintenance work
- Visitors-spectacle
